

NEWCOMER, NEW ACCOMODATION ? FOR A GOOD MANAGEMENT OF MY WASTE

INCENTIVE CHARGING PRINCIPLE

The public waste collection and treatment service is funded by the **incentive charging**. **Each user pays according to their collection method and their consumption**, the amount of waste they produce.

Collective bins for household waste

The invoice is distributed on the charges by the condominium manager.

Household waste individual bin or proximity containers with badge access
(find your closest proximity container on: www.mon servicedechets.com)

individual invoice

ADMINISTRATIVE PROCEDURES

I declare myself to the waste management service. Otherwise, I'll be invoice for a lump sum.

I am moving in: I report it as soon as possible, even if I stay on the same city. The waste collection and treatment service **will open the account with my new address**, check and active the equipment (bin and / or badges) **for the next collections**.

I am moving: I report it quickly, by giving the supporting documents to close my account. I will receive the last invoice to my new address.

The bin and / or the two badges remain in the accommodation that I am leaving.

The must

I leave the badges on the bunch of keys of the accommodation, and mention them in the inventory.

For all procedures and requests :
Maison des usagers gessiens

200 rue Edouard Branly, Technoparc, 01630 Saint-Genis-Pouilly

ONE WASTE, ONE COLLECTION, ONE SECTOR I TAKE THE RIGHT ACTIONS

Collections and services are organized so that each waste goes to a suitable recycling and treatment sector.
I follow sorting instructions, I reduce my household waste and protect the environment.

Household waste
are collected in individual bins ①,
in collective bins ②,
or proximity containers ③
with badge access.

**Paper, cardboard, glass, plastic bottles and
metal packaging**
are collected in collective bins ①,
in air ② or (half) buried proximity containers ③.

**Bulky waste, DIY, garden, chemical products
and large cardboard boxes** are collected in
recycling centers.

*I bring my badge when I go to the recycling
center: this is necessary to get in. This badge
will also allow me to drop off my household
waste if my accommodation is attached to a
proximity container.*

Ressourcerie
Du Pays de Gex

*If I have items that I no longer use but still
in good condition, I can give them to the
ressourcerie located in Ornex.*

Pays de Gex agglo helps you for the recycling of your food waste :

- Is your residence equipped with collective composters ?
- If not, you can ask Pays de Gex agglo for a worm composting bin.
- If you have an individual garden, you can also ask for a composter on www.mon servicedechets.com.

RESPECT THE RULES IS ALSO CLEANLINESS

I respect collection areas: I do not put bags on the ground, neither bulky items or cardboard large boxes.
